Invitation to Institutional Membership 2020/21 (Corporate)

Institutional Membership (Corporate) is open to all industry organisations that support research and education relating to urban trees and who value representation in the growing network of urban forest professionals that is **TREENET**.

The cost is **$1600 (**GST inc) for the 2020/21 financial year.

TREENET:

- **TREENET** is the National research and education body for urban arboriculture based in Adelaide, South Australia.

- **TREENET** maintains a freely accessible website www.treenet.org with up to date information on all aspects of urban trees, related technologies, products and services.

- **TREENET** is the founding organisation responsible for implementing the vision of *The Avenues of Honour Project* www.avenuesofhonour.org

The Benefits of Corporate Institutional Membership of TREENET:

Ownership of a unique Institutional Member Code that will allow you to access online many valuable offers including, but not limited to

- **Complimentary attendance,** for any one individual from your organisation at the 21st National Street Tree Symposium at the National Wine Centre and the Waite Arboretum 3rd – 4th September 2020.

- **15% discount** on the registration cost for all additional attendees of the 2020 Symposium or eligible TREENET workshops events and products.

- **Access** to Members Only online forums and content.

- **Participation in TREENET trials.**

- **Acknowledgement** of your organisation's Institutional Membership status will be provided online with a direct link to your website.

In return your organisation's membership will help TREENET achieve these aims.

- To enhance the body of knowledge that exists about street trees.

- To foster research in the area.

- To distribute resulting information to all those who may find it useful

- To facilitate co-operation and the free exchange of information.
